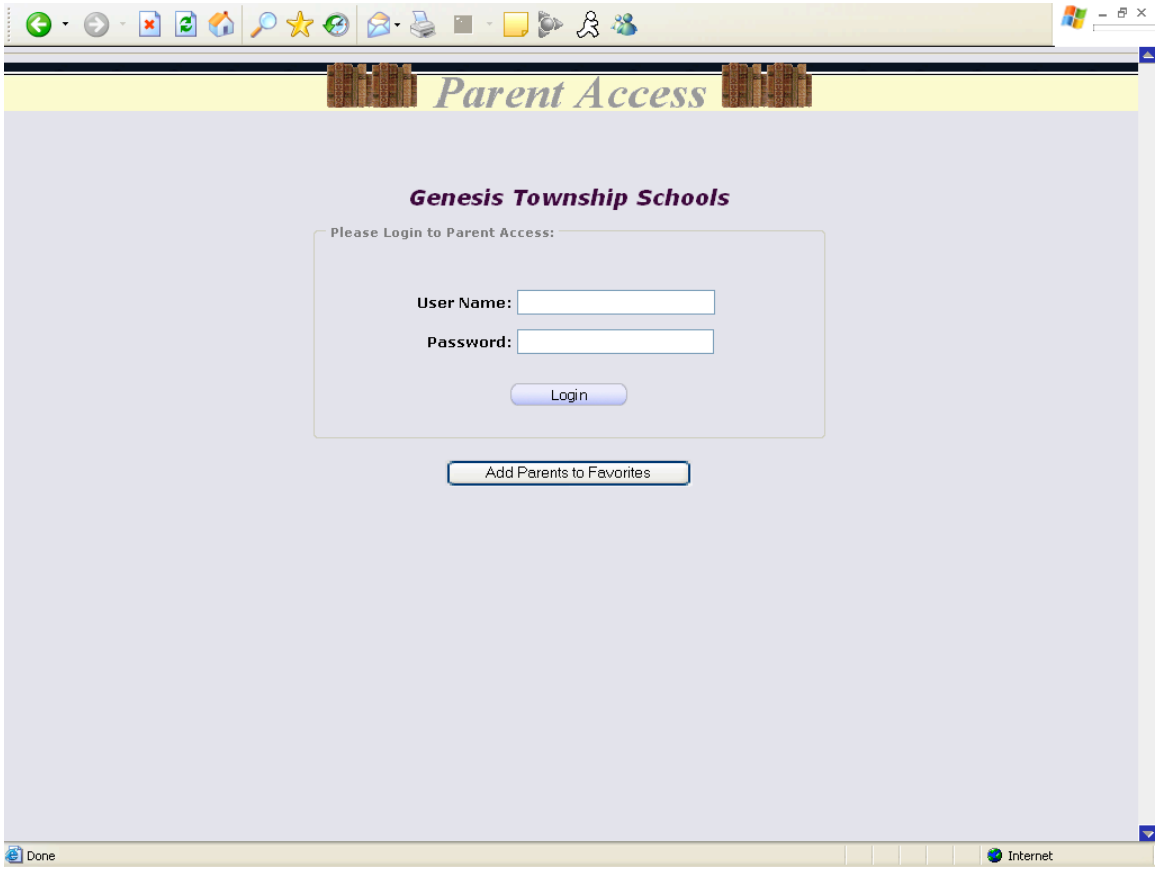
I. Introduction

The Genesis Parents Module is a safe, secure way to view your child's school record for the current school year. If your school district chooses, you ***may*** have access to the following information:

- Your children's Marking Period, Exam and Final Grades
- Your child or children's Report Cards
- Your child or children's daily attendance record and possibly class attendance records (if your child's school uses class attendance).
- Teacher Gradebook assignments and assignment grades for your child or children.
- Your child or children's course requests or possibly their schedule for the next school year.
- Your child or children's discipline records

The rest of this manual will guide you through all of the screens which may be available to you and how to use them. Please be aware that you may not see every screen for every one of your students (if you have more than one student in the school district). The school district chooses which screens can be made available. Screens may not be displayed if they do not apply to your student.

II. Logging In



Logging In

Logging into Genesis is very simple:

1. Go to the Parent Access URL supplied with your district welcome packet.
2. Enter your Email Address in the '**Username**' field
3. Enter your Parent Access password in the '**Password**' field.
4. Click the '**Login**' button

Logging In for the First Time

The very first time you login you will be required to change your password.

What if I forget my password?

If you forget your password, you must contact your school or district office. You should receive information on where to call with your district packet. You will be given a new randomly generated password. The new password maybe mailed to your email account. The first time you login with your new password, you will be required to change it.

Genesis Parent Access "Home" – Student Dashboard Screen

When you login to Genesis Parent Access the first screen you see is Parent Access "Home". This is the Student Dashboard screen. You will see a 'dashboard' for every student linked to your login.

Each student's 'dashboard' contains the following information:

- Basic information about the student: **student id**, **homeroom**, **grade**, **age**. If you are viewing the screen during the school day, you will also see information about the class your student is in 'right now': **current class**, **current teacher** and **current room.**
- Your student's schedule. The class the student is in 'right now' is highlighted in green.
- The student's attendance summary for the current week – this shows you a color coded attendance code for each of the week.
- Assignment summary for the current week – how many are due each day
- Optionally, the student's bus assignments will be displayed.

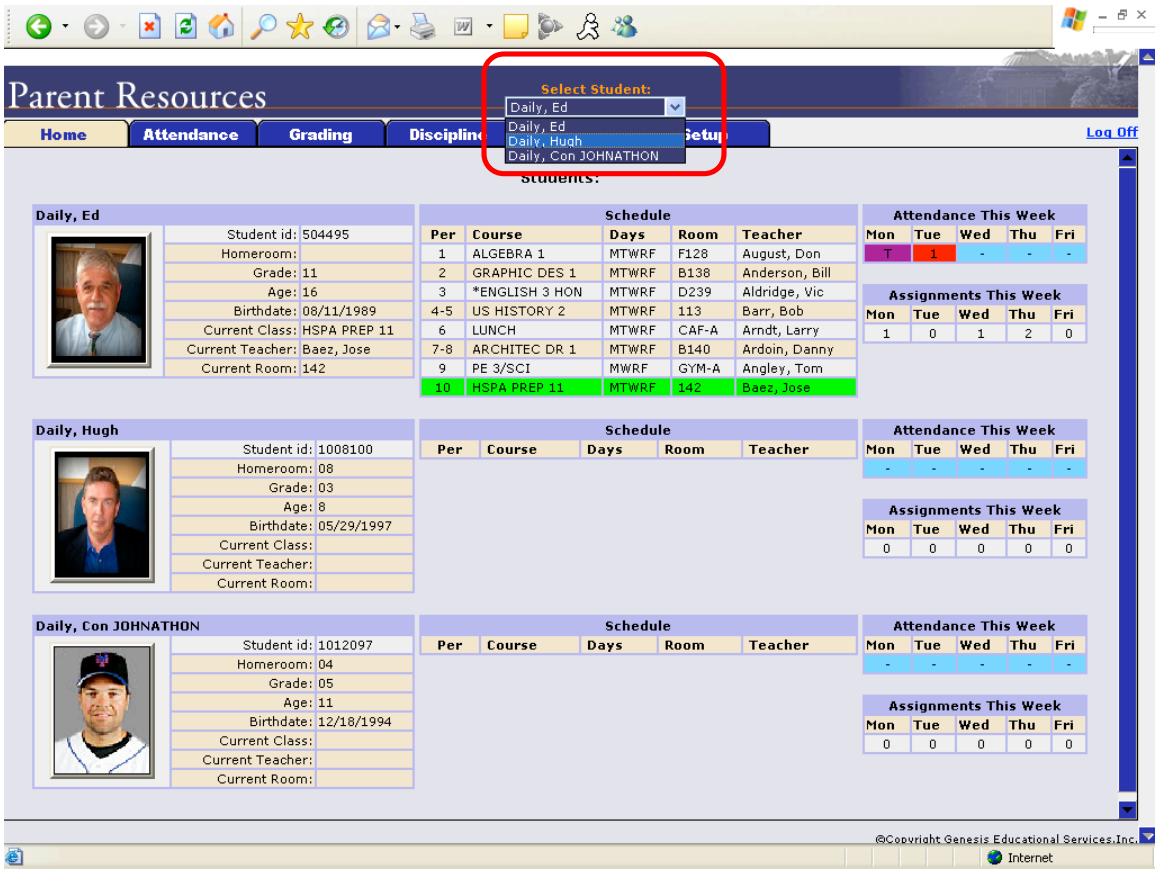
The Selected Student

Only one student can be 'selected' at one time. When you 'select' a student that student's information will appear when any of the additional tabs are clicked. For instance, if you click the 'Attendance' tab, you will see the selected student's daily Attendance calendar for the entire school year.

B. *Selecting a Student*



Changing the Selected Student

The name of the 'currently selected student' is displayed in the '**Select Student**' drop down at the top of the screen. To pick a different student, click the **Select Student** drop down and choose the name of the student you want to select. Once you have done that, the tabs will take you to the newly selected student's information.

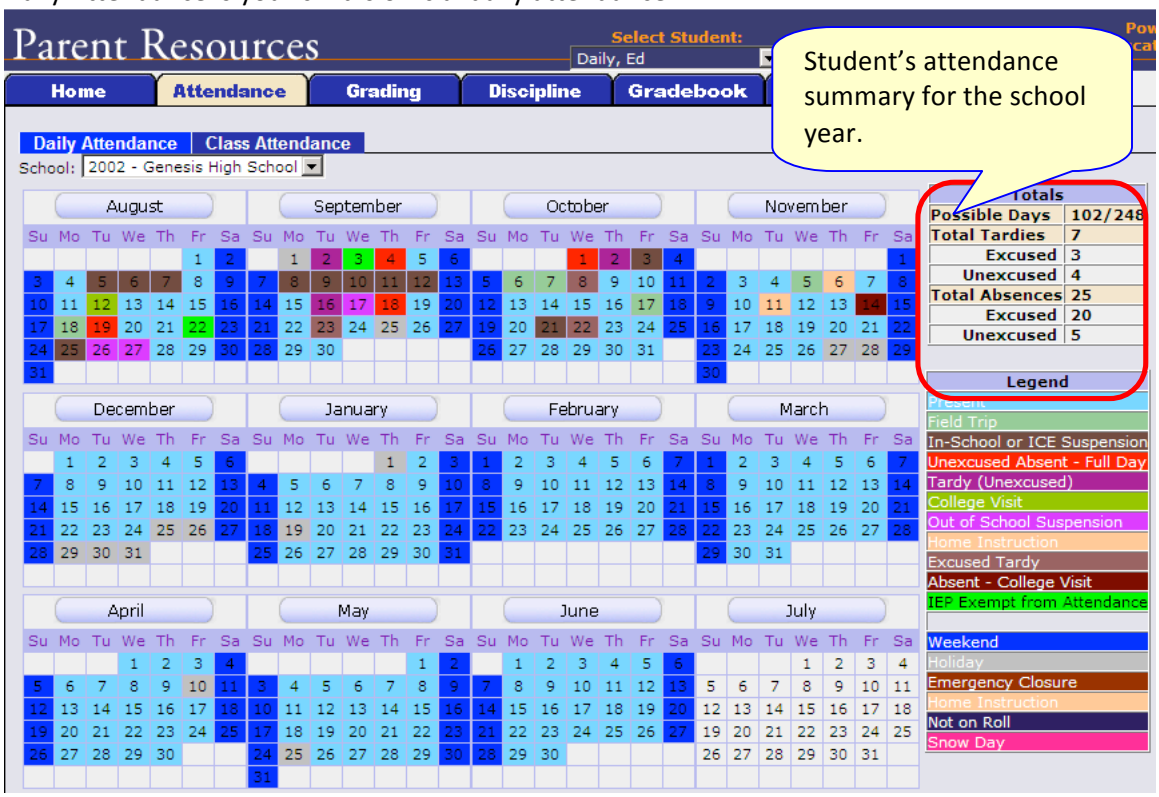
The "Select Student" Drop Down

This drop down contains the names of all the students that you have access to. If you are missing a student, please contact your school or district office. Your district may require you to submit a separate permission slip for each student.

IV. Attendance

A. *Daily Attendance*

Daily Attendance is your child's official daily attendance.



This is your student's Daily Attendance summary for the whole school year.

- The Attendance Calendar with each day color coded
- A summary of the student's Attendance for the year
- The 'Legend' of Attendance codes for your school district.

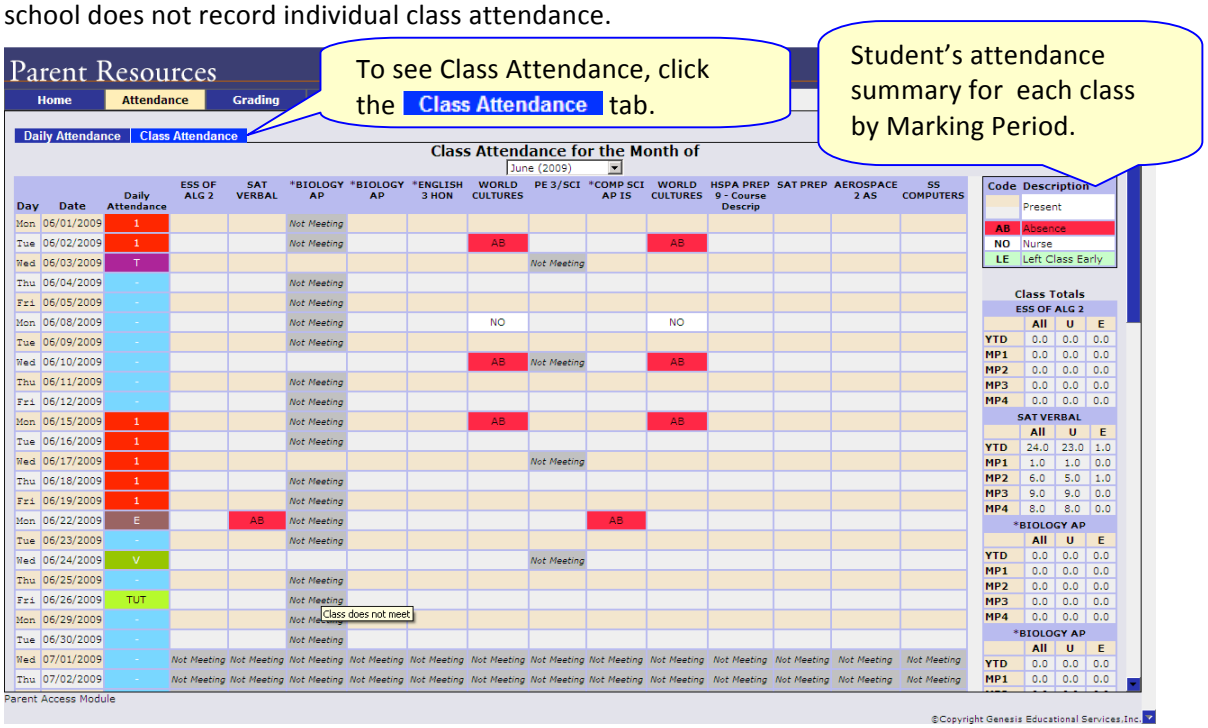
Attendance Color Codes

Your district selects its own set of Attendance codes and selects the color for each one. When you look at this screen you will see the Attendance codes for ***your*** school district. Common Attendance codes include:

- Unexcused absence
- Excused absence
- Unexcused tardy
- Excused tardy
- Left early
- Field trip

B. *Class Attendance*

If your child is in Middle School or High School and has separate courses, Class Attendance may show you their attendance for each separate subject. You must click the **Class Attendance** tab under **Attendance** to find class attendance. If this button does not appear, your child's school does not record individual class attendance.



The Class Attendance screen shows you your student's Class Attendance summary for each of their separate subjects. One month is displayed at a time and the screen always starts by showing you ***the current month's attendance***. You may select any month you wish.

- Class attendance is listed by each school day in the month and shows which classes the student may have missed on each day. Each day for each subject is color coded.
- The 'Legend' of color-coded Attendance codes for your school is shown at upper right.
- "Today" is always highlighted in yellow (e.g. above 11/21/2008).
- Along the right side of the screen there is a separate summary for each subject for the entire school year, divided by Marking Periods.

*CALCULUS AP

MP1	1.0	0.0	1.0
MP2	0.0	0.0	0.0
MP3	0.0	0.0	0.0
MP4	0.0	0.0	0.0

Each subject summary contains the following attendance totals for the class:
All - All absences for the subject,
U – the Unexcused absences
E – the Excused absences

Figure 4 – A view of the List Assignments screen for 1 week, with the "previous grade" column

D. *Special Grades and the Previous Grade Column ("Prev")*

Teachers have 4 "special" grades that they can give students for any assignment:

- **Absent** – Your child was absent on the date the assignment was due. This means your child has a chance to make up the work: The assignment is not counted until the teacher changes the grade to a regular grade or to **Missing** or **Incomplete.** When a grade of **Absent** is changed to another grade, "Absent" appears in the **Prev** column.
- **Missing** – Your child failed to turn in an assignment or take a quiz or a test. When a **Missing** is changed to another grade, Missing appears in the **Prev** column. Missing is the most common special grade. A teacher's comment may accompany a missing.
- **Incomplete** – Your child partially completed an assignment but did not finish it. When **Incomplete** appears in the **Prev** column, your child has completed the assignment late.
- **Exempt** – Your child is not responsible for doing this assignment. It does not count for them. It is unusual for an Exempt to appear in the **Prev** column.

Initially, these special grades appear in the regular **Grade** column (e.g. ABS). When a teacher gives one of these special grades (e.g. MI - Missing) and then later changes it to another grade, the original, special grade (i.e. Missing) is displayed in the **Prev** column on the List Assignments screen. Regular grades ***never*** appear in the **Prev** column – it is only for these special grades.

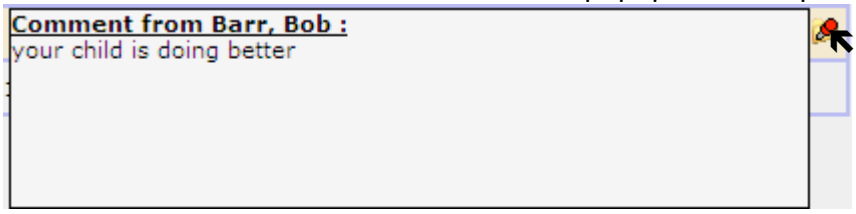
The teacher cannot clear the "previous grade". It is always displayed to you. You might use this information to help understand why your child may have received their regular grade ("the work was late"). For example, excellent work turned in late often receives a reduced grade.

E. *Viewing Teacher Comments*

Viewing Teacher's Comments

Teachers can enter comments on your child's performance that can be viewed through the List Assignments screen. ***If a teacher has entered a comment on an assignment, please take time to view it.***

If a pushpin icon appears on the far right side of an Assignment line, it means the teacher has entered a comment on the assignment. To read the comment, place your cursor over the icon. This will cause the comments to popup in a tooltip box:



F. *Downloading Attached Documents*

Downloading documents from Teachers

Teachers can upload documents to assignments so that you can download these at home. The "documents" include such things as MS Word, MS Excel, PDF files, .wmv movies, podcasts and many other types of files. When one or more documents have been uploaded and attached to an assignment, icons identifying the type of each attachment appear in the Docs column on the List Assignment screen.

If icons (e.g.) appear in the "Docs" column on the right side of an Assignment line, it means that the teacher has uploaded documents to the assignment and you may download these. There will be one icon for each document the teacher has attached (means there are two documents attached, one attached to each icon). The shape of the icon indicates the kind of file that is attached (e.g. indicates a PDF file that requires ADOBE Reader to read). You will need to have installed the right application to view each type of file.[1]

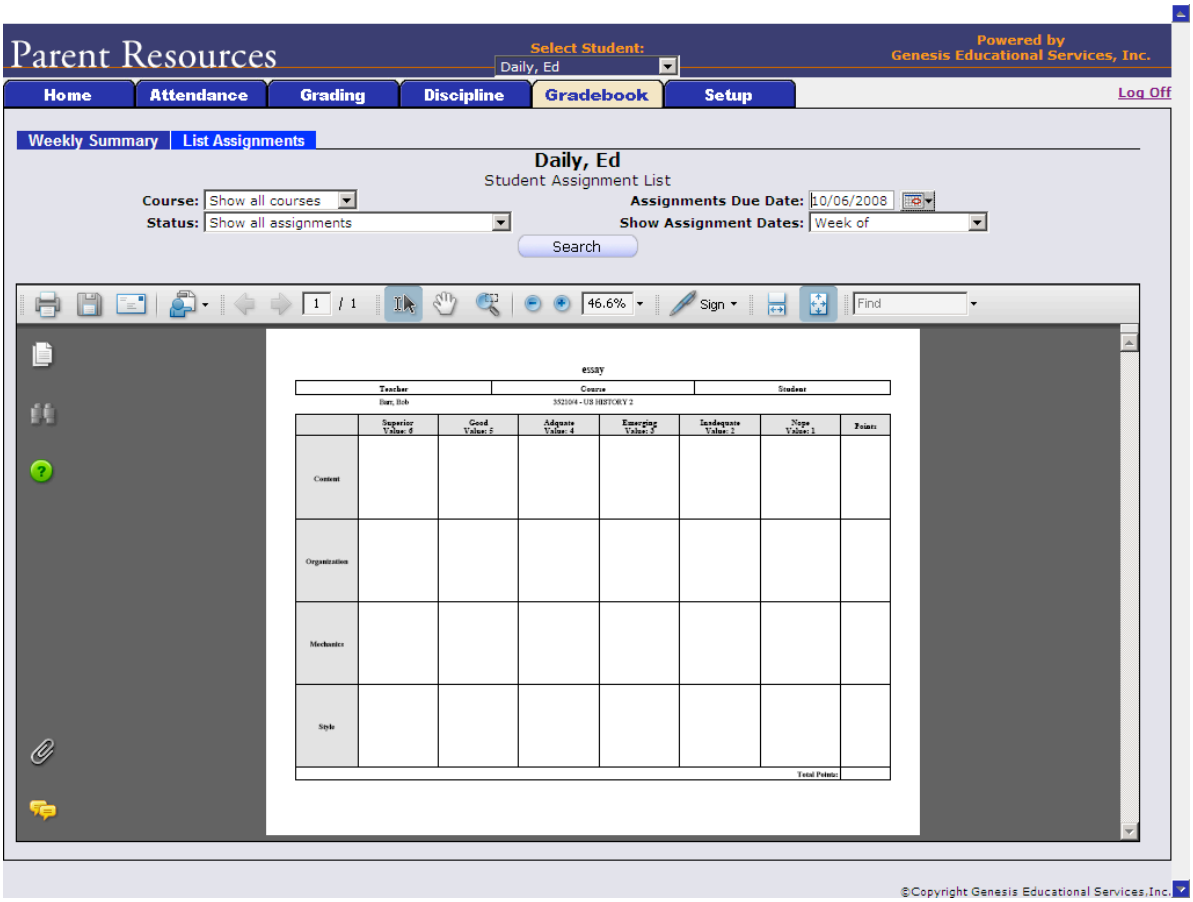
To see the description of an attached document, place your cursor on the icon:

(cursor on PDF icon)

(cursor on camera icon)

To download the document, double click on its icon. The attachment will be displayed in the central part of the screen:

[1] While teachers are encouraged to upload files in common formats, such as MS Word, there is no guarantee that you will always have the right application to view an attachment. If you do not, please contact the teacher.



Click “Search” to return to the list of Assignments.

The **Scheduling** screen shows you your student's course requests for the ***next*** school year (e.g. 2010-2011 if this year is 2009-10), as well as their "next year" schedule once one has been created.

There are three things listed on this screen:

1. Your student's list of course requests for next year. These can be printed out.
2. The teacher a course was recommended by – if there was a teacher recommendation. Teacher Recommendations will appear at the very bottom of the screen.
3. Once the student's actual schedule for next year is ready, it will be displayed on this screen as well. This may not happen during the current school year. When the next year schedule is ready, you will be able to print it out as well.

Printing Next Year's Requests

1. Click the PDF Icon next to the "list of requests" header:
   
   This brings up an Adobe PDF view of your student's next year requests (shown below). The printed report includes a "signature" line.
2. Use the Adobe Reader's print button to send the report to the printer.
3. You may be asked to do print the request list, sign the set of requests and have your student return the signed list to school.

Printing Next Year's Schedule

Your student's next year schedule will only be available once the scheduling process completes. This may not occur until after the end of the current school year. Scheduling is a long and complicated process. An empty or missing schedule simply means that your student's school has not yet completed the scheduling process and is not a cause for alarm.

1. Click the PDF Icon next to the "Next Year Schedule" header:

This list will appear if a teacher recommends a course for your student and your student decides not to take the course. The course is then "not requested" so that it will not be scheduled for your student.

Frequently Asked Questions (FAQ)

1. **Where do I get my login?**

   Your Genesis Parent Access login will usually be your email address. You will give the email address you want to use as your login to your school or district. The school or district will tell you when your login has been entered into the Genesis system.

   If your email address is *not* going to be your login, your school or district will assign you a login.

2. **What if I forget my password?**

   To replace a lost password you must call your school or district. Information as to who to call should be provided to you in your Parent Access Welcome Packet.

   You cannot be given your existing password: for safety reasons, Genesis never displays a user's password, *even to the system administrators*. If you lose or forget your password, you will be given a new, randomly generated password. You will then be required to change the new password the next time you login to Genesis Parent Access.

3. **What is the URL for Parent Access?**

   You will be given the URL for Parent Access in your Parent Access Welcome Packet. If you do not have the Welcome Packet, you must contact your school or district to find out the correct URL.

4. **How do I log out of Parent Access?**

   There is a small "Log Off" button at the upper right of every Parent Access screen. Click the "Log Off" button.

5. **How can I update my student's Attendance information?**

   You cannot update any information. If you believe any information is wrong, you must contact your child's guidance counselor.

6. **Is it ok for me to just close the browser rather than log off? Do I really need to log off?**

   Closing your browser is not the same as logging off. You *must* log off of Parent Access to eliminate the possibility of someone else accidentally getting access to your student's information.

   For example, if you are accessing Parent Access from a public place, such as a library or other public internet access point, if you just close your browser and walk away, without logging out, there is a chance that someone else will be able to immediately reattach to your Parent Access session and view your child's information. Logging off properly terminates the Parent Access session.

   Always log off of Parent Access – Never just close your browser

7. **What if I do not have access to all my students?**

   If you need access to a student that is not yet linked to your Parent Access login you must call your school or district office. Each district will have its own procedures and regulations regarding linking a student to your Parent Access login.

   It may be possible that Parent Access is in a 'roll out' phase and is only offered in some of the schools in your district and not in others. Refer to your Parent Access Welcome Packet for information on who or where to call.

8. **What if I don't have access to my child's Report Card?**

   Usually a school only displays the most recent report card that was sent home. If the actual report card is not available online, it may be that none has yet been sent home or that the previous Marking Period's report card has been "turned off" so that the new Marking Period's report card can be prepared.
